

Solar IoT Cabinet

UPS No-Break Solar Power Solution for Smart City

1.7" Industrial-grade Full-color OLED

Deliver 12/24/48V Voltages for Different PD

Reverse Connection Protection for 36/24/12/9/5V Output

Support Ternary Lithium/LiFePO4/Lead-acid Batteries

Switch among Different Power Sources: Main Power/Solar/Batteries

Modular Design for Flexibility and Scalability

Adopt Online MPPT Automatic Tracking Charging Technology

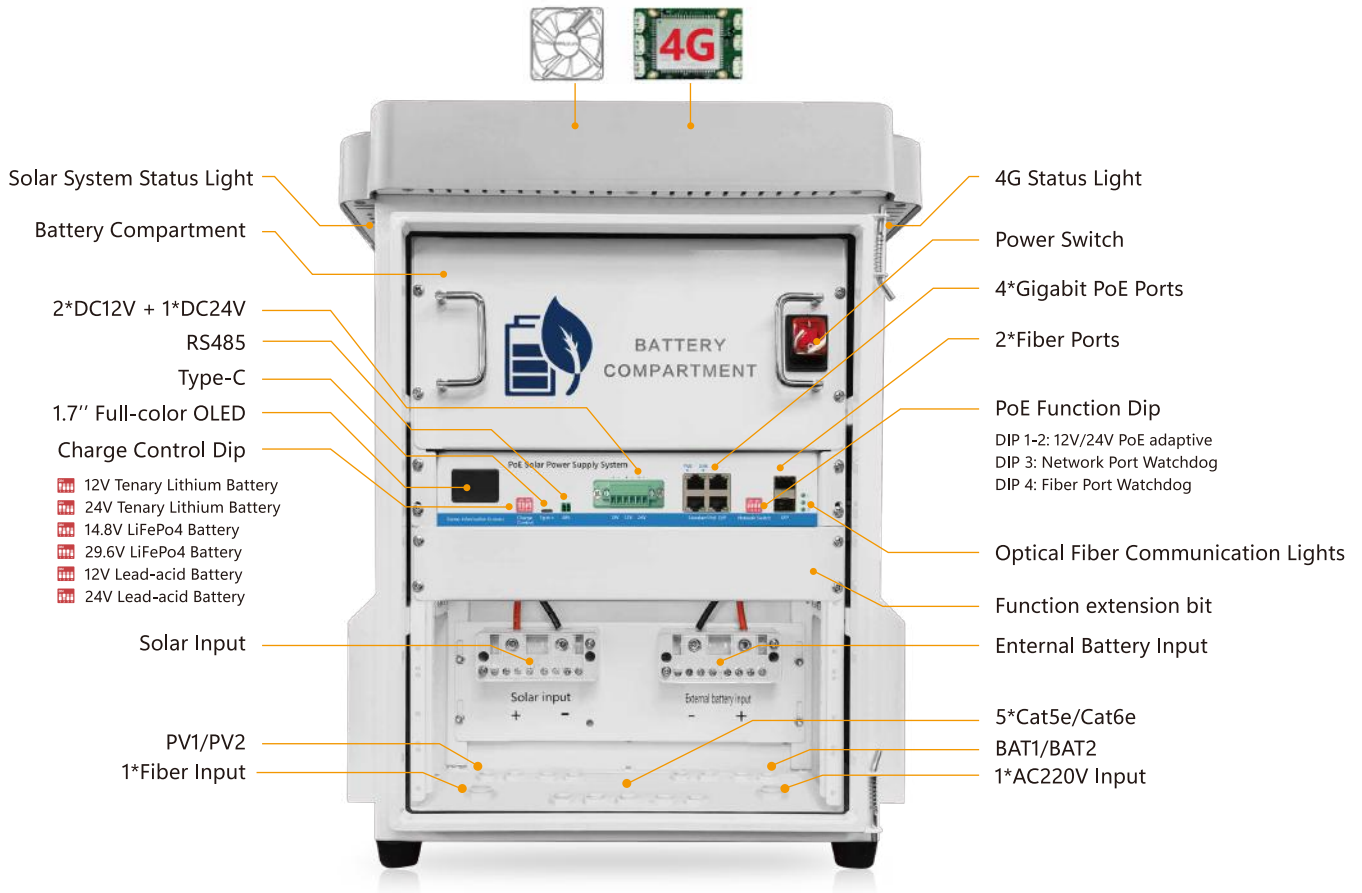

Multiple Safety Protection against Burnout

RS-485 for Customized Platform and Seamless Communication

Optional 4G/5G/WiFi/GPS Connectivity

High Lights

Modular Design for Flexible Extension

Application
